

Test session (A)

A.1 To test during test session

- Keyboard layouts
- bashrc
- vimrc
- template.cpp
- Python
- Printing
- Sending clarifications
- Documentation
- Whitespace/case insensitivity in output
- Source code limit
- How long do array accesses take on machine resp. judge?
- How long do small operations take on machine resp. judge?
- Verdicts:
 - Accepted
 - WA
 - Presentation Error
 - RTE (what results in RTE?)
 - TLE
 - Memory limit, both stack and heap
 - Output limit
 - Compile error
